

## **Agreement for Off-Campus Use of District Technology**

At its discretion, the district may provide mobile devices to students as a tool for learning while off campus. The use of all district mobile devices while off campus is subject to all restrictions and guidelines contained in district policy and student behavior guides. Students who wish to use a mobile device while off campus must complete and sign this permission form with their parent or guardian.

- I agree to allow my child to use a district-provided mobile device (Macbook Air) in **school and at home** for the duration of the school year 2015-2016. My child may take the device home during off-school hours, but it **must** be brought to school fully charged each day. In the event that the device is damaged or lost **due to misuse or neglect by my child**, I understand that I am responsible for its repair or replacement. I agree to participate in the district-provided laptop damage waiver program, which will cover the cost of accidental damage or theft. I understand that the device must be returned upon request and that failure to do so may result in contact by the police.
